

PANORAMA

JULY 2021 - SCHEDULE OF EVENTS

WELCOME BACK!

The KU Natural History Museum is open with new expanded hours! Reserve your time to visit, Tuesday-Saturday, 9am-5pm and Sunday, 12pm-4pm. Groups of up to 14 may visit for up to 90 minutes. Reservations are required. We can't wait to see you! [RESERVE YOUR TIME TO VISIT.](#)

POP UP PALEONTOLOGY

July 9, 10 & 12, 10am - via Facebook and Zoom

This [donor-funded project](#) introduces families across Kansas to fossils and the diversity of life over geologic time through specimens and hands-on activities. Learn about Kansas fossils with museum staff and try some fun fossil-themed, hands-on activities. On each designated date, watch videos on the respective library's Facebook page and join a free, live Zoom session all about invertebrate and trace fossils of Eastern Kansas!

July 9, 2021 - in partnership with the [Pittsburg Public Library](#)

Pick up a free Fossil Activity Kit from the library between June 24 - July 8

Preregister for the live Zoom session on July 9th, 10:30am at tinyurl.com/popup-paleo-pittsburg

On July 9th, watch the videos on the [Pittsburg Public Library Facebook page](#)

July 10, 2021 - in partnership with the [Council Grove Public Library](#)

Pick up a free Fossil Activity Kit from the library between June 25 - July 9

Preregister for the live Zoom session on July 10th, 10:30am at tinyurl.com/popup-paleo-councilgrove

On July 10th, watch the videos on the [Council Grove Public Library Facebook page](#)

July 12, 2021 - in partnership with the [Leavenworth Public Library](#)

Pick up a free Fossil Activity Kit from the library between June 27 - July 11

Preregister for the live Zoom session on July 12th, 10:30am at tinyurl.com/popup-paleo-leavenworth

On July 12th, watch the videos on the [Leavenworth Library's Youth Services Department Facebook page](#)

FREE ENVIRONMENTAL SCIENCE CAMP

July 26 - 30, via [Facebook](#) and Zoom

Explore environmental science, or the study of the environment, including different factors that influence life on earth, and how humans interact with the environment. During camp, you'll explore environmental science with a focus on air and water quality. Zoom participants must register and will receive a free activity kit. Ages 8-11, though all are welcome. [Learn more & register.](#)

July 26: 10am CDT, Camp Welcome & Introduction, [on Facebook](#)

July 27: 10am CDT, Air Quality & Acid Rain, [on Zoom](#)

July 28: 10am CDT, Light & Noise Pollution, [on Facebook](#)

July 29: 2pm CDT, Water Quality & Aquatic Invertebrates, [on Zoom](#)

July 30: 10am CDT, Camp Finale & Quiz, [on Facebook](#)

MUSEUM FROM HOME

The museum is open, but we still have a wealth of fun, free online activities, explorations and virtual exhibits for all ages, available anytime on our [Museum From Home](#) web portal!
