

School Programs

Call (785) 864-4173
to book a program
Must book at least 3 weeks in advance

The museum offers a range of science education programs for school groups. School workshops are hands-on experiences that take place in our classroom; Gallery activities use select exhibits to investigate a particular topic.

Visit ww.biodiversity.ku.edu for more information to plan your visit such as bus parking, more details about NGSS/Common Core connections, and our scholarship program.

To schedule a self-guided museum visit for your group plans without programs – contact Visitor Services at (785) 864-4450. The museum has a suggested contribution of \$4 for students/children and \$7 for adults.

Gallery activities

Cost: \$110 per group (25 person maximum; students and teachers) Duration: 45 minutes

Dinosaur Discovery

Everyone knows what a dinosaur is — or do they? How do you tell a dinosaur from other extinct and living groups of animals? Using our fossil gallery, students will discover important features of this most famous group and put their skills to the test.

NGSS DCI: LS1.A, LS4.A, LS4.D

Walking with Dinosaurs

Students investigate dinosaur footprints — what they can tell us and why — and learn how to calculate the speed of dinosaurs.

NGSS DCI: LS1.A

Common Core Math: NBT, MD, EE, SMP

Kansas Seas

Kansas was once covered with vast oceans. Discover how we know this, and learn about some of the creatures that lived in these seas.

NGSS DCI: LS4.A, ESS1.C, ESS2.A, ESS2.B

School workshops

Cost: \$8 per student (15 student min and 30 max; teachers free)

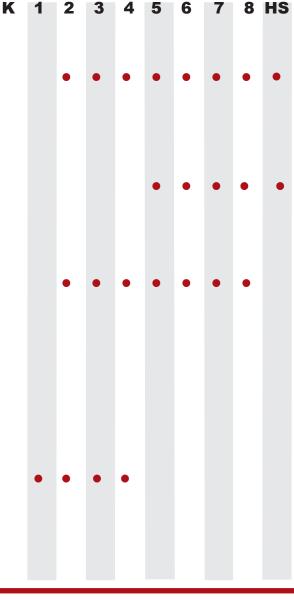

Duration: 45 minutes

Fossil Fun

This workshop is designed for younger students and provides an introduction to geological time and fossils. Hands-on activities include digging for and identifying fossils, and developing dinosaurs complete with scientific names.

NGSS DCI: LS1.A. LS4.A. LS4.D. ESS1.C

Common Core Language Arts: ${f L}$

biodiversity.ku.edu Updated Fall 2025

School workshops, continued	K	1	2	3	4	5	6	7	8	HS
Rock Clocks This workshop provides an introduction to geological time with activities that investigate relative and absolute dating. NGSS DCI: LS4.A, ESS1.C, ESS2.B, PS1.A, PS1.C Common Core Math: MD, SP, SMP					•	•	•	•	•	•
Hands-On Geology How can you tell mica from magnetite or granite from gneiss? Students learn identification techniques in this introduction to minerals, rocks, and their formation. NGSS DCI: ESS1.C, ESS2.A			•	•	•	•	•	•	•	
Explore Animals Explore the things that make animals the same and different in an investigation of museum specimens and storytime using focused observation and listening skills. NGSS SEP: Analyzing and Interpreting Data NGSS CC: Patterns Common Core Language Arts: RL	•									
Hands-On Mammals Explore the characteristics of mammals and their adaptations through a series of demonstrations and activities. NGSS DCI: LS1.A, LS3,B, LS4.A, LS4.D			•	•	•	•	•	•	•	
DNA Discovery This workshop introduces DNA — what it is and how it works. Activities include DNA extraction and making DNA models. NGSS DCI: LS1.A, LS1.B, LS3.A, LS3.B, LS4.A				•	•	•	•	•	•	•
Matter Matters Students investigate the properties and classification of matter. Topics include the particulate nature of matter, state changes and temperature. NGSS DCI: PS1.A, PS3.A			•	•	•	•	•			
Cartoon Guide to Energy What can falling anvils and exploding TNT tell us about how energy works in the cartoon and real worlds? Using classic cartoon scenarios, students explore how fundamental forces and properties of matter build a framework for thinking about energy across its different contexts NGSS DCI: PS1.A, PS1.B, PS2.B, PS3.A, PS3.B, PS3.C, PS3.D					•	•	•	•	•	•
How Small is Small? Discover what the smallest things in the universe are, and just how small that is! Explore the concept of scale through giant insects, viruses and chickens NGSS DCI: PS1.A, PS2.B Common Core Math: NBT, MD, SMP			•	•	•	•				
Quarks: Ups, Downs and the Universe Discover what the world is made of. Investigate atoms and the particles they are made of by exploring their properties and how they combine to make everything else. NGSS DCI: PS1.A, PS2.B Common Core Math: NBT, NF, SMP					•	•	•	•	•	•
